

REMARKS/ARGUMENTS

Favorable reconsideration of this application in view of the above amendments and in light of the following discussion is respectfully requested.

Claims 13-20 are pending in this Application and Claims 13 and 17-20 have been allowed. The indication of allowed subject matter is noted with appreciation. The present Response amends the specification and Claims 14 and 16, and cancels Claims 21-24 without prejudice or disclaimer.

The *Ex parte Quayle* Action objected to the specification and Claims 14-16 for informalities. In response, the specification is amended to add the appropriate headings, and Claims 14 and 16 are amended in the manner suggested in the *Ex parte Quayle* Action. Accordingly, it is respectfully requested the objections to the specification and claims be withdrawn.

For the reasons discussed above, no further issues are believed to be outstanding in the present application, and the present application is believed to be in condition for formal allowance. Therefore, a Notice of Allowance for Claims 13-20 is earnestly solicited.
